

QUALITY POLICY

COMETAL, S.L., a company dedicated to the design, manufacture and marketing of sprinklers, hydraulic valves, connectors and accessories, mainly for irrigation, is committed to managing its activities through a Quality Management System based on the ISO 9001:2015 standard.

The company complies with applicable current legislation, including commercial, labour, safety and environmental regulations, and always acts with responsible, respectful and ethical behaviour towards people and society.

COMETAL's philosophy is to work to meet the needs and expectations of our customers and other stakeholders in the sector in the best possible way, complying at all times with the agreed requirements. To maintain their trust, the organization is committed to the continuous improvement of its products, processes and services.

This commitment is embodied in a quality policy that must be known and applied by the entire organization, in measurable quality objectives that are consistent with this policy, and in a process-based management system that ensures product conformity. To this end, products suitable for their intended use are designed, manufactured and marketed, using work instructions, route sheets and records that ensure process control.

COMETAL's Management undertakes to provide the necessary resources for the proper functioning of the quality management system and to review it periodically with the aim of improving its effectiveness and ensuring the profitability and sustainability of the company.

All the organisation's staff actively participates in continuous improvement, applying the good practices defined in their workplace and communicating any incident or proposal for improvement.

The Quality Policy applies to all areas of COMETAL and is based on the following principles:

1. To meet the needs of the customer, ensuring the suitability for use, safety, reliability and performance of the product.
2. Comply with customer requirements and applicable legal regulations.
3. Prevent errors and deviations before they occur.
4. Continuously improve relationships with customers and suppliers.

This policy is communicated to all staff, ensuring their understanding, and is available to external stakeholders.

Albacete, January 2026

Managing director,

M^a Carmen Gómez Sevilla
